PROFESSIONAL SUMMARY

Third-year B.Tech student in Electrical and Computer Engineering with hands-on experience building production-grade web applications using React.js, Next.js, and Node.js. Proven ability to deliver responsive, high-performance UIs and AI-integrated products. Actively seeking a software internship in the UAE to contribute to innovative projects and grow in a dynamic tech environment.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS, Framer Motion, GSAP, R3F (React Three Fiber), HTML5, CSS3

Backend: Node.js, Express.js, REST APIs

Databases: PostgreSQL, Supabase, MongoDB

DevOps & Tools: Docker, CI/CD, Git, GitHub, Postman, Webpack, Babel, Figma, VS Code

Languages: JavaScript (ES6+), Python

Soft Skills: Problem-solving, Self-learning, Collaborative development, Attention to detail

EXPERIENCE

Frontend Web Developer Intern — TRS – Jamia Millia Islamia

Jan 2024 – Jun 2024 | New Delhi, India

- Built responsive web interfaces using React.js and modern CSS frameworks, improving cross-device compatibility.
- Optimised component rendering and asset loading, contributing to a 15% increase in user engagement metrics.
- Collaborated with design and backend teams to deliver pixel-perfect UI features on time.
- Wrote clean, maintainable code following industry best practices and conducted peer code reviews.

PROJECTS

[CViEx — AI-Powered Resume Builder2024](#)

- **Tech:** Built a full-stack AI resume builder with
- Next.js, Supabase, PostgreSQL, Tailwind CSS, Framer Motion — used by peers for ATS-friendly CV generation.
- Integrated an AI suggestion engine that provides real-time, personalized resume content improvements.
- Implemented authentication, user dashboards, and PDF export in a production-ready application.

[E-Cell Jamia Millia Islamia — Official Website2024](#)

- Developed the official website for JMI's Entrepreneurship Cell using React.js, Tailwind CSS, and Framer Motion.
- Delivered smooth animations and intuitive navigation, handling real institutional traffic and content updates.
- Link - <https://www.linkedin.com/company/ecelljmi>

[3D Portfolio Website2024](#)

- Designed and built a personal portfolio with React.js, R3F (Three.js), GSAP animations, and Tailwind CSS.
- Showcases interactive 3D elements with optimised performance across devices.
- Link - <https://mohammedawaiz.vercel.app/>

[Open-Source Contributions — GitHub2024–Present](#)

- Actively contributing to personal and community open-source projects, demonstrating proficiency in version control, collaborative development workflows, and software engineering best practices.
